- Heavy rains and winds caused widespread damage to Internally Displaced People, IDPs-hosting sites in Marib City and Marib al Wadi in Yemen between 13 - 18 March.
 - While figures are still being verified by humanitarian actors, it is estimated that some 50,000 individuals are affected by the rains and winds that either completely or partially damaged their shelters.
 - DG ECHO partners are present and providing a rapid response in the form of emergency shelter, distribution of non-food items and emergency cash distributions.
